### Product Description:

Aston Martin DB7 - The Complete Story

The car that would become the DB7 began its gestation in 1991. Developed entirely under the ownership of Ford, this new smaller Aston Martin was intended to add a new higher-volume strand to Aston Martin's range, and when the good-looking car was launched in 1993 it soon became obvious that this was sound policy. The straight-six-powered coupe was an instant hit and sold well.
