

Sports Exhaust

4G43-35-11111

£1900.70
£2280.84 inc VAT

Product Description:

Sports Exhaust The DB9 Sports Exhaust has a new stainless steel silencer is designed and developed to the same exacting durability and integrity standards applied to the cars' original fit silencer guaranteeing compatibility with your Aston Martin. The silencer is an all new lighter design having a new external shape profiled to support undercar airflow, different internal tuning and retains the engine management controlled exhaust valves.

Uniquely, this ensures that this silencer is fully compliant with all noise legislation yet gives the V12 a more dynamic soundtrack. Completing the kit is a set of Graphit-Ic tailpipes. Suitable for 11MY Auto only.
