£532.50

£639.00 inc VAT

Product Description:

Vodafone Protect & Connect 5 Plus with 1 year Subscription and 2 year warranty.Aston Workshop is pleased to offer to all of its clients the latest in car tracking systems.

Vodafone Protect & Connect S5 is Vodafones flag ship tracking system. Vodafone Protect & Connect 5 maintains all the features of the standard Protect and Connect 6 system with added security of: Remote Engine ImmobilisationAutomatic Driver Recognition (ADR)The highest level of insurance accreditation available in the UK - Thatcham Category 5Vodafone Protect and Connect S5 Plus incorperates all the benefits listed above. The system also benefits from the additional Manual Engine Start inhibit feature.
ADR (Automatic Driver Recognition)

A discreet pocket-sized card that you carry with you whenever you drive your vehicle. On leaving your vehicle, the system automatically arms itself.
If the vehicle is moved without the driver card present, Vodafone Automotive's Secure Operating Centre is alerted instantly to a potential theft. This means that even if your vehicle is taken using your own keys, the theft is detected immediately.
How does it work?
The system is supplied with 2 unique driver cards. An authorised driver must have a driver card in their possession when using the vehicle. The system will automatically arm itself 70 seconds after the vehicle ignition has been switched off and the driver card is out of range (approximately 3 metres)The system will automatically disarm itself when the driver card is brought back in range of the vehicleIf your vehicle is driven and the driver card has not been detected, a silent alert will be transmitted to the Vodafone Automotive 24 hour Secure Operating Centre, who will contact you to check that a vehicle theft has not taken place
For added security, if the driver card is not present, the system will also generate an alert: When your vehicle is lifted or towed away without the keysWhen your vehicle battery is disconnected or discharged
Remote Engine Immobilisation

Vodafone Protect & Connect 5 conforms to the highest level of insurance accreditation for stolen vehicle tracking systems, Thatcham Category 5. As such, it offers you the ultimate security protection for your vehicle to prevent vehicle theft.
