Product Description:

The NEW Micro-Start XP-10 PPS (Personal Power Supply) is our latest and MOST POWERFUL micro Jump Starter and Personal Power Supply yet. At only 9" x 3.2" x 1.2" it is still small enough to fit in your POCKET yet so powerful it can start Diesel vehicles as well as any Car, Trucks, Motorcycles, and other Powersports Vehicles !!! Amazingly it also powers or charges Laptops (not 16v Apple Laptops), any USB Powered device like Cell Phones, iPhones, iPads, Tablets, GoPro Cameras, Blue Tooth Devices and more. This model also offer 2 USB charging ports in addition to a 19v and 12v charging ports. It has a very high capacity 18,000 milliamps and up to 600 Peak Amps for massive starting capabilities! Nothing o the Market compares.

Just charge it once and take back-up power where ever you go, no need to electrical outlets, or finding a charging station.... it's your own power supply to take anywhere you go....Whether you are riding, driving, camping, traveling or boating you can remain confident that you will be able to start your vehicle, make that important call, or get that last bit of work done. It even has a extremely powerful built in flashlight with S.O.S patterns built in! Its the swiss army knife for electronics...
